# Winning Is A Family Affair!

From L to R: Troy Ruybal, Ace Ruybal, Ben Ruybal and in front, Ace's son Hayden Ruybal

May was a great month for the Ruybal family of Tooele regarding sports. Ben and his middle son, Troy, played horseshoes for the Corporate Games last year, taking second place. However, this year, they took First Place without a single loss. Both Troy and Ben were hot that day and hit some double ringers. Their opponents ask if they were professional or if they had horseshoe pits at home! Troy had to be honest and told them, "Yes, we do have pits at home and we practiced all week getting ready.

# **TEAD/DCD Take 4th In Corporate Games 2004!**

(by Ray Romero)

Tooele Army Depot and Deseret Chemical Depot concluded play in the 19<sup>th</sup> Annual Salt Lake County Corporate Games on June 5, 2004. There were a total of 17 teams that competed in Division III, which had over 450 employees.

L-3 Communications came in First Place with 179 points in the month-long event. Ebay had 147 points for a Second Place finish, followed by IHC Urban Central with 141 points for Third Place. Tooele Army Depot and Deseret Chemical Depot had a total of 138 points for a Fourth Place finish in this year's event.

LTC Karol L. Ripley and her husband David started the event by attending opening ceremonies at a Stinger's Baseball Game in Franklin Covey Field.

Game results follow:

#### **Computer Problems?**

More than with any other product on the market today, people are willing to shell out thousands of dollars to buy something of which they have no real conception—a computer.

I used to work for MacWarehouse as a tech support representative. One day a lady called who had never had a computer before. She was trying to set up her system.:

**Customer:** "One of my friends gave me an ImageWriter printer and this keyboard. He said he gave me all the cables, but I can't figure out how to connect them. Am I missing something?"

Tech Support: "Well, a computer would help."

Customer: "You mean this keyboard isn't a word processor?"

**Tech Support:** "No ma'am, its just an input device." **Customer:** "Then I need to buy a computer, right?"

Tech Support: "Yes."

Customer: "Do you think I'll need a monitor, too?"

(Continued from P. 1—Ruybal)

Two years ago, Ben's youngest son Ace bowled the first sanctioned 300 game as well as the first sanctioned 800 series at Tooele Army Depot's bowling alley. When Ace was 17 years old he bowled his first sanctioned 300 game in the Youth Bowling League at the Tooele Lanes. This year, he is bowling an adult-youth league on Tuesday evenings and his nine-year old son, Hayden is the other member of this duo. On May 18, 2004, Ace came through with another 300 game only to have his son present to see it happen. "When my ball hit the pocket and all the pins fell, all I heard was my son let out a scream, it was awesome having Hayden there to witness my perfect game," said Ace.

This family is not limited when it comes to sports, all three sons of Ben and Fay Ruybal played Ute Conference Football and Mom was the secretary for nine years. All four guys have been avid softball players as well, playing leagues at Erda and Deseret Peak. Now Benji pretty much just helps coach softball for certain tournaments (when asked) and he loves to watch his son play. Incidentally, Ace plays the same position Benji played....pitcher.

# 2004 Stansbury Golf Tournament!

by Ray Romero)

A total of 108 golfers participated in our second golf tournament of the year, played on Friday, June 11, 2004 at Stansbury Park Golf Course. After the golfing, everyone enjoyed a delicious barbecue lunch provided by MWR. Doug Wolter, Benji and Faye Ruybal and Becky Trujillo did an outstanding job preparing and serving the luncheon and we truly appreciate their efforts.

Mr. Jeff Newton was the lucky winner of the 13" color TV/DCD player.

Results of the tournament are as follows:

First Place - Score of 59

Geno Rael Robbie Thompson Ray Mansanarez Ray Romero

Second Place - Score of 61

(The tie was broken by matching scorecards)

# Discount Tickets to Lagoon and Raging Waters

Do you know that you can save \$9 per ticket on your visit to Lagoon by purchasing it at the ITR Office? The gate admission price to Lagoon is \$34.03 including tax, but you pay only \$25 for the regular day pass with MWR. Step back in time to the old west at Pioneer Village, twist through the tubes at Lagoon A Beach, or take advantage of a multitude of thrill rides at the park. Some of the favorite rides at Lagoon, such as the Samurai, the Rocket, the Spider, and Cliffhanger are considered world-class rides, with relatively short wait times. Ride Rattle Snake Rapids on a hot day and experience what it is like to boat a class III river trip. The Spider roller coaster is a spinning ride, which allows a free horizontal spin, up to 20 rotations per minute! With unique track configurations, which include an 82-degree embankment, a stretch of slalom track, and a 360-degree carousel turn, you are guaranteed an awesome experience.

If you would prefer to spend the entire day in the water, consider buying a Raging Waters ticket at the ITR Office for only \$12 (adult) and \$10 (child.) This will save you \$3.50 each from the admission prices at the gate. Whichever park you prefer, come to the ITR Office today and save some money!!!!

#### **LAGOON DEPOT DAY!**

Lagoon Depot Day kept its promise of being one of the best depot days yet. Sunshine and blue skies greeted over three hundred employees and their families. Many arrived early to take advantage of the rides and Lagoon A Beach before settling down to a game of bingo. John Curwen's MWR bunch provided free pizza, hot dogs, sausages, drinks, and the most popular, snow cones. A constant line formed in front of the snow cone machine. It was quite warm and those icy snow cones just hit the spot.

Brad and Julie Wall kept bingo going from 1:30 PM to 5:30 PM. With Brad's quick wit and knowledge of the game, most of the patrons enjoyed staying around with the hope of winning a prize. Drawings were held in between times. Matthew Mondragon won the Grand Prize of a Sony digital camera and case and Paige Gillette took home the other Grand Prize of a new Sony DVD Player and Video Recorder, both donated by Tooele Federal Credit Union. The children's grand prizes went to Dallen Shumway and Shawn. Contributed by Lagoon, the two coveted gigantic plush green and red dragons were the hopeful wish of nearly every child. Penny Brewer won the "Spot Your Sponsor," word game. She won \$100 worth of Smith's Food King certificates, contributed by Smith's Food King. Soft drinks and food were available throughout the day and by 6 PM everyone left to enjoy the rides. Thank you to Brad and Julie Wall, all of the MWR people, along with volunteers and especially thank you to our sponsors who were an integral part of making this an enjoyable day.

#### **Summer**

Childhood memories are flavored with fun summertime activities including trips to the beach, walks to the ice cream shop and rides around the neighborhood. But while you and your kids enjoy the seemingly carefree elements of summer, emergency room doctors know it as "trauma season." This summer children ages 14 and under will be rushed to emergency rooms nearly 3 million times for serious injuries resulting from motor vehicle crashes, drownings, bike crashes, pedestrian incidents, falls and other hazards. More than 2,500 of these children will die. Nearly half (42 percent) of all unintentional injury-related deaths occur from May to August because children are supervised less, have more free time and engage in more outdoor activities. Don't take a vacation from safety. Close supervision, proper protective gear and other simple prevention steps will help your child avoid danger.

Older children experience the greatest increase in unintentional injury-related death during the summer months. This is primarily because children ages 10 to 14 tend to engage in more risky behavior and are presumably given more freedom from their parents. Young school age children ages 5 to 9 are also at high risk because they lack the skills to make clear judgments necessary to bike, walk swim and play safely without adult supervision. Many parents of children this age also fail to restrain them properly in booster seats in motor vehicles, which can lead to severe injuries or even death in the event of a car crash.

During a five-year period, taken from statistics of children 14 and under: 6,237 died by drowning with two-thirds occurring during the summer especially July; 1,547 died from unintentional bike-related incidents with one half of these during the summer months; 801 died from a fall, half of these were during the summer; 6,018 died as a result of unintentional pedestrian related injury with 40 percent occurring during the summer; and 8,263 children died from a motor vehicle crash with more than 40 percent occurring during the summer months.

#### **Protecting Your Family:**

Your kids love summer! They don't have to go to school, they can stay up late and best of all—they have all day to play. Follow the safety tips below to make sure their happy memories are also safe ones.

#### Ride Safe!

- Make sure your kids are secured in the appropriate child safety seat or safety belt for their age and size.
- Kids should always be secured in the back seat.
- Study both your vehicle owner and child safety seat manuals carefully.

#### Swim Safe!

- Always supervise young children near water, including pools, spas, toilets, bathtubs and buckets.
- Insist children wear personal flotation devices when out on boats, near open bodies of water or participating in water sports.

#### Wheel Safe!

- Make sure your kids wear properly fitting helmets and other protective gear every time they ride their bikes, scooters, in-line skates or skateboards.
- Teach your children the rules of the road and practice obeying traffic laws with them.

#### Walk Safe!

- Never let your child under age 10 cross the street alone. Teach children to obey traffic rules as a pedestrian.
- Make sure your kids wear retro-reflective materials and don't let them walk alone at night. If they must walk when it is getting dark, at dawn or at dusk, make sure they carry a flashlight.

#### Play Safe!

- Always supervise your children at playgrounds or in the backyard. Make sure they are playing on a safe surface, such as mulch, rubber or fine sand.
- Make sure your kids wear the right, properly fitted protective gear when they practice and play team sports!

#### **Protecting Communities:**

Injury to kids during the summer affects not only individual families, but entire communities. Share the knowledge you've learned about protecting kids with other family, neighbors and friends. This summer, be on guard for protecting your children as well as other children you know. Explore specific ways you can help prevent injuries to children when they are child passengers, bicyclists, skaters, swimmers, walkers or athletes. Kids will be kids but with your help, they can be SAFE KIDS. (Taken from Oregon Safe Kids Coalition Safety Tips) Call 833-2852 for more information.

### Woodworking Tips— Paint Scrapers for Furniture Work

When most woodworkers think of scrapers, they think of card scrapers or scraper planes. But an ordinary paint scraper is one of the handiest tools in my shop. I use it for scraping glue and shaping wood. Because it has a handle, unlike a card scraper, I can use both hands and apply a lot more pressure for tough tasks.

A fine metalworking file keeps the edge sharp enough to work very effectively. To sharpen the blade, I place the scraper at an angle on the edge of the bench and file downward. To use a paint scraper, I draw it toward me at a slight angle to the direction of the cut, and it cuts very aggressively. (Paint scrapers are available at most hardware and paint stores.)
